Mr. A. Searle Field
Staff Director
Select Committee on Intelligence
House of Representatives
Washington, D.C. 20515

Attn: Ms. Zeune

Dear Mr. Field:

In response to the request of Ms. Zeune in her 6 November letter, briefings were provided on topics 1 (DDS&T related programs) and 2 (behavior analysis) at Headquarters on 10 November and 18 November respectively. Concerning the third item in her letter relating to Agency contracting for other government agencies, it was agreed that this subject would be combined with another request (accommodation procurement) and be handled by our Office of Logistics.

We consider action on the first two items to be completed.

Sincerely,

25X1
